

[sample intervention]

**BEFORE THE UNITED STATES
FEDERAL ENERGY REGULATORY COMMISSION**

[Name of project]

[Docket Number]

MOTION TO INTERVENE AND [PROTEST/OPPOSITION/COMMENTS]

Pursuant to Rule 214 of the Commission's Rules of Practice and Procedure, _____ files this Motion to Intervene in the above captioned proceeding. I seek to intervene in this proceeding because [*here, give your reason – e.g., to protect your property, concern about public safety, etc...*]

I. Contact Information

I request to be included on the service list for this proceeding. Documents and filings should be sent to: [Contact information]

II Basis for Intervening

[Statement of Interest]: Describe who you are and how the project affects you, your property or community. Be as specific as possible. Send photos, maps, etc...to demonstrate proximity to the project.

[ADDED LANGUAGE] because you are intervening in a post-certificate process, you need to give additional reasons why you are entitled to intervene. Here, insert:

Now that the certificate has been issued, a new compliance phase of the proceeding begins. This phase is separate and distinct from the certificate phase and as such, my intervention in this second phase is timely.

My intervention in the post-certificate phase is critical to allow me to protect my interests. The certificate imposes certain obligations on the Transco to produce site specific plans for review and consult with landowners and the community on a variety of matters. Without the ability to intervene, there is no guarantee that Transco will adhere to its obligations under the certificate and I will have

no recourse to ensure compliance or seek further remedy.

[Stock language] - Further, I am entitled to intervene because I am directly impacted by the proposed project. In addition, intervention is necessary to because no other intervenors represent a similar interest to mine. Finally, granting my intervention serves the public interest by allowing members of the local community to have a voice in this process and to ensure that the safety and well being of my community and the surrounding environment are considered in this process.

Signature
[contact information]

Certificate of Service: [Here, describe the method used for filing your intervention (mail, efilng, etc...If by mail, you must state that you served others on the mailing list. If efiled, you do not have that requirement because they will automatically get a copy through the system)].
